PROFESSIONAL SUMMARY

Results-driven Frontend Developer and aspiring Software Engineer with a passion for creating responsive, intuitive, and visually engaging web applications. Proficient in modern frontend technologies (React, Next.js, TypeScript) and full-stack JavaScript development. Demonstrated ability to deliver clean user interfaces and improve user experience through the development of real-world projects and contributions to live platforms.

EDUCATION

National Diploma (ND) in Computer Science
Akwa Ibom State Polytechnic, Akwa Ibom State, Nigeria
2025 – Present

WORK EXPERIENCE

Frontend Developer
Futurelabs, Ikot Ekpene, Akwa Ibom State
2024 – Present

- Designed and implemented a clean, intuitive user interface for the organization's Learning Management System (LMS), significantly enhancing user experience and navigation.
- Developed responsive, interactive, and mobile-friendly frontend components using modern JavaScript frameworks.
- Collaborated with designers and backend engineers to translate business requirements into high-quality, functional features.
- Optimized frontend performance, code structure, and maintainability.
- Actively participated in code reviews and team meetings to maintain high development standards.

PROJECT EXPERIENCE

Harmony Portfolio (Personal Developer Portfolio)
Live Link | 2025

- Designed and developed a fully responsive, modern portfolio website using React and contemporary frontend tools to professionally showcase skills, projects, and resume to recruiters and clients.
- Implemented smooth animations, interactive elements, and mobile-first design, resulting in improved user engagement and seamless experience across devices.
- Integrated key features including project showcases, contact forms, and easy resume access.
- Successfully deployed and maintained the application on Vercel, showcasing proficiency in modern deployment workflows.
